April 2011

Dear Chicago Metro Students,

Did you know we're first in the Second City?

DeVry University was recently ranked as the number one school for Career Placement by the people of Chicago in a Blackstone Group poll*. But that's not all – we also earned the top spot for ethnic diversity and campus safety. We're extremely proud of these achievements.

And, we're honored that you've chosen DeVry University as the institution to help you achieve your educational and career goals. It takes a lot of hard work, energy and dedication in order to succeed and we're happy to be with you every step of the way.

This year, 2011, marks a significant historical milestone for DeVry University in its celebration of 80 years. In 1931, Dr. Herman DeVry founded DeForest Technical School in Chicago, which prepared our initial students in the areas of emerging technological advancements in electronics, motion picture and radio. We've broadened our scope now and offer associate, bachelor's, and master's degree programs within five distinguished colleges—Business & Management, Engineering & Information Sciences, Health Sciences, Liberal Arts & Sciences, and Media Arts & Technology.

As students within our home location, we hope you feel the same sense of pride that we do in achieving these honors and longevity.

Thank you for your support.

Sincerely,

Susan Lerner Friedberg, Ph.D.
President, Chicago Metro,
Addison Campus & Centers
